

CSA EXAMINATION CARD

Patient Name: Roxanne Tudor

Examination findings: Weight 57kg Height 163cm BMI 21

3 lesions in total: The lesion on the back of the right hand is scaly, very typical of a fungal rash 1.5 cm diameter. It looks okay in the middle but around the outside of it, it's quite scaly. Another lesion underneath the Fitbit, which looks quite similar 1cm diameter. Left hand lesion irregular lesion, 2cm diameter again with central sparing and scaly borders. Further lesion left elbow 3x3cm irregular, scaly with central sparing. All of these lesions look fungal.
